

School Closure

Moses Lake School District

School Closure because of Weather

Schools may be closed for inclement weather (snow, freezing rain, below zero temperatures, wind chills, etc) and when it is dangerous to put buses on the road.

Listen to local radio stations for school closure information. Radio stations will have information by approximately 6:00 a.m.

School and Buses Run Two Hours Late

On marginal days when it appears the weather will break, schools may be scheduled to start up to two hours later than normal. This allows road crews to catch up, temperatures to rise, and buses to run in daylight. *Morning kindergarten, morning ESL, morning pre-school, and breakfast* will be canceled. If conditions do not improve, *running late* may be changed to closure. Local radio stations will be informed by 8:00 a.m.

Early Closure

Because of the possibility of children coming home to locked houses, we will make every effort not to close schools early. However, under emergency conditions (road crews pulling out, a blizzard approaching, heating failure at school, etc.) we may need to proceed to early closure. Early closure will be announced on local radio stations and school personnel will attempt to notify parents by phone.

When Bad Weather Occurs Parents Should:

1. Listen to a local radio station
2. Dress your children warmly
3. Provide a way for children to enter home if buses run late or school closes early
